PRODUCT RELEASE - C

Issue: 039
Date: 9th of December 2010

Catalogue Section: Chair Backs
Product Manager: Kent Swan

Subject: Lucido High Back

Introducing the new and improved **Lucido High Back set**.

The Lucido back has been amongst the most popular backs within the Office Chair industry in Australia and New Zealand markets for a number of years. To build on this success, we now introduce a new improved version of the Lucido High Back.

The new Lucido remains virtually identical in size and aesthetics to the previous back. This helps maintain consistency for current users of the back. Made from recyclable PP, the new Lucido is also stamped with the recycled stamp.

The main new feature is the improved 4 point clipping system. This system means it is now easier to assemble and with a much more secure fixing.

The other main advantage is the new version features the common 100 x 30 and 100 x 60 mounting patterns. This makes it far more flexible as it will work with Standard oval back uprights as well as Ratchet configurations.

For further information please contact our Customer Service Teams on 1800 008 591 (Australia) or 0800 267 625 (New Zealand).
