Subject: RENO Twin Flip Top Table Bases

Reno

Multi Functional • Vertically Stackable
Mobile • Space Saving Solutions

Reno is a tilt frame that results in a multi-functional table that can be stacked vertically when not in use.

Reno is suitable for environments that require regular changes to seating layouts quickly transforming your conference room; break out zone or training area with ease and when not in use provides a real space saving solution to any workspace environment.

Reno has a tilting action that operates simply with a single low profile lever while the 75mm castors with brake make moving tables and locking them in place an effortless task.

Reno is available in two options; a 540 x 1100mm span base and a 540 x 1350mm base span; and is manufactured to very high standard of quality and is backed with a 2 year warranty.

Features:

Quick and easy solution for stacking and storing
