Flat Liners

Announcing the arrival of the first part of our “Art of Handles” new handle releases.

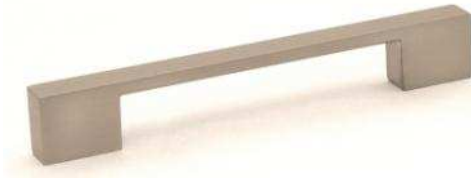

This release, “Flat Liners” is all about flat handles and knobs.

Our **Lucca** range has expanded.

We have added two new sizes, 352mm and 448mm c/c in brushed nickel (412). These handles have a larger “belly” for strength. See our catalogue to view the full range.

Lewis is our first “super-wide” profile handle - a slightly curved 35mm wide section, in zinc diecast. Wide handles are becoming more popular in Europe and this is a nice simple design with squared ends.

We have four sizes, 64mm, 128mm, 192mm and 256mm in both brushed nickel (412) and satin chrome (388).
