PRODUCT RELEASE - C

Issue: 001
Date: 28th of January 2010

Catalogue Section: Tables
Product Manager: Troy Searle

Subject: Discus series Cast Iron Disc table bases

We are pleased to announce the introduction of the new and improved Discus series cast iron bases. The new bases are better engineered, have a better quality of black powder coating finish and are backed with a 12 month manufacturer's warranty. The new Discus collection of bases meets the standards required by hotels, cafés, restaurants and resorts.

The bases are available in 4 spans. All spans will be stocked at 720mm heights and only the 550mm span will be stocked at a 1090mm height for our dry bar series collections. The top frames have a larger span from the previous Discus models which will reduce the risk of table tops from sagging. All models are supplied with adjustable glides.

The items are packaged in two cartons with the base + top frame in one carton and the tube + booker rod in the other. Assembly instructions are included to provide a more user friendly product.

Below are the product specifications of each item;

Product Image	Item Code	Description	Max Table Top Size (in mm)
	739.31574.358	Cast Iron Table Base, n.w: 15.10kgs 1. Height: 720mm 2. Round Base: 425mm diameter 3. Tube: 76mm x 1.5mm thick steel 4. Top Frame: 450 x 450mm 5. Finish: Black Coating 6. 5 x M10 adjustable glides 7. Packing: 1set / 2 ctns	800 600
